

We are excited to share that NAMIWalks has gone virtual this year and now we need your help to make it go viral!

This event culminates with World Mental Health Day on October 10th. This means that we will be changing our original walk date to this new date (October 10th) in an effort to show solidarity as supporters for mental health for all!

However, as we continue to move forward through the public health crisis we're facing, this event will look a little different than it did last year. Since we are working to ensure the health and safety of all, NAMIWalks Georgia will not be hosting a large in-person walk.

Stay tuned--more details will come soon!

Spread the word to your friends, family members, and business associates. Your presence, multiplied by hundreds of other NAMI supporters, brings increased awareness to our cause.
